About the Artist

## ERIC DOWDLE

From a third-grade butterfly drawing winner to a professional artist, Eric Dowdle has spent nearly 30 years pioneering storytelling art filled with humor. He's among the select few licensed to paint Disney characters and has captured locations from Paris to small towns like Frankenmuth, Michigan. "It's the people that make a place unforgettable," Eric says, incorporating their stories into his work. His paintings reveal hidden treasures—Easter eggs, pop-culture references, and his trademark fluffy clouds and light-shadow interplay. Eric has also hosted three seasons of "Painting the Town with Eric Dowdle" and his own radio show. Through his art, he aims to evoke joyful memories and inspire new adventures.
